

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32

KUNAGONE

Printing date: 14.05.2018

Revision:

Page: 1/7

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name:

KUNAGONE

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses: A bag with dog hair and other substances whose properties make martens and other wild animals stay away from automotive cables, buildings (houses, basements, attics, utility rooms), as well as facilities located in the open space, such as sports fields

Uses advised against: not specified

1.3. Details of the supplier of the safety data sheet

Kunagone S.A.

Pl. Kilinskiego 1

32-660 Chelmek, Poland

Tel. +48 882-905-145

1.4. Emergency telephone number

European emergency number: 112

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

Not classified as hazardous

2.2. Label elements

Classification according to Regulation (EC) No 1272/2008

Signal word: none

Pictogram: none

Hazard statements

none

Precautionary statements

none

2.3. Other hazards

Components of the mixture do not meet the criteria for classification as PBT or vPvB in accordance with Annex XIII of the REACH Regulation.

SECTION 3: Composition/information on ingredients

3.2 Mixture

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32

KUNAGONE

Printing date: 14.05.2018

Revision:

Page: 2/7

Composition: Product consists of dog hair, paraffin wax and fragrance composition (lavender scent)

Name of substance	Identifier	Classification 1272/2008	%
Dog hair	Index: --- CAS: --- WE: --- Reg. No: ---	---	~ 95%
Paraffin wax	Index: --- CAS: 64742-51-4 WE: 265-154-5 Reg. No: 01-2119480133-46-0014	---	~ 4,5
Fragrance composition (lavender scent)	Index: --- CAS: mixture WE: mixture Reg. No: ---	---	~ 0,5%

The full meaning of the risk phrases H included in the chapter 16

SECTION 4: First aid measures

4.1. Description of first aid measures

General:

The product consists of dog hair, wax paraffin and fragrance composition, poses the threat only after ignition. The product is in the bag, and only after it is damaged, exposure occurs.

Inhalation:

No adverse effects.

Ingestion:

Does not occur.

Eye contact:

Immediately flood the eye with plenty of water for at least 10-15 minutes. Protect the non-irritated eye, remove contact lenses if possible. Seek medical advice.

Skin contact:

Exposure by this route does not cause adverse effects

4.2. Most important symptoms and effects, both acute and delayed

When used in accordance with the intended use and occupational health and safety rules, the product does not cause adverse health effects.

4.3. Indication of any immediate medical attention and special treatment needed

The decision about the method of rescue procedure is made by the doctor after a detailed diagnostic assessments of the injured person's condition. Treat symptomatically.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media:

Dry extinguishing powder, foam, powder, water spray. Adapt extinguishing media to the surrounding area.

Unsuitable extinguishing media

Not applicable

5.2. Special hazards arising from the substance or mixture

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32

KUNAGONE

Printing date: 14.05.2018

Revision:

Page: 3/7

Hazardous combustion products

Carbon oxides (COx), nitrogen oxides (NOx). Avoid inhalation of combustion products, may pose a health risk

Explosion danger

Not applicable

5.3. Advice for firefighters

Special protective equipment for firefighters

Do not stay in a fire zone without proper chemical-resistant clothing i.e protective clothing resistant to high temperatures and self-contained breathing apparatus.

Use water spray to keep fire-exposed containers cool. If involved in fire, shut off flow immediately if it can be done without risk.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Keep unnecessary people away; isolate hazard area and deny entry.

For large releases, isolate the area at risk.

Use personal protective equipment. Avoid contact with eyes and skin. Ensure adequate ventilation.

6.2. Environmental precautions

Try to prevent the material from entering drains or water courses.

Advise authorities if spillage has entered water course or sewer.

6.3. Methods and material for containment and cleaning up

Spilled hot product should be allowed to cool.

Collect mechanically and place in properly labeled container for disposal.

6.4. Reference to other sections

See Section 8 for information on personal protection

See Section 13 for disposal information.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Work in accordance with the principles of safety and hygiene. Do not eat, drink or smoke in the workplace.

Avoid contact with skin and eyes. Wash hands after handling chemical products.

7.2. Conditions for safe storage, including any incompatibilities

Store only in the original receptacle and away from foodstuffs.

7.3. Specific end use(s)

No data

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Occupational exposure limit values (Workplace Exposure Limits)

No data

8.2. Exposure controls

General protective and hygienic measures:

Keep away from foodstuffs, beverages and feed. Avoid contact with skin and eyes.

Personal protective equipment:

Eye protection

not required

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32

KUNAGONE

Printing date: 14.05.2018

Revision:

Page: 4/7

Skin protection

not required

Protection of hands:

not required

Respiratory protection:

not required

Control of environmental exposure

Do not allow large quantities of substances to enter groundwater, sewage or soil.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Form:	A bag with dog hair and other substances
Colour:	Not applicable
Odour:	Characteristic
pH:	No data
Melting point/freezing point:	Not applicable
Initial boiling point and boiling range:	Not applicable
Flash point:	Not applicable
Evaporation rate:	Not applicable
Vapor density relative to air:	Not applicable
Flammability:	Flammable product
Upper/lower flammability or explosive limits:	Not applicable
Vapour pressure:	Not applicable
Relative density:	Not applicable
Solubility(ies):	Is not soluble in water
Partition co-efficient: n-octanol/water:	Not applicable
Auto-ignition temperature:	No data available
Decomposition temperature:	No data available
Viscosity:	No data available
Explosive properties:	Not explosive
Oxidising properties:	Not oxidising

9.2. Other information

No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

Product is not very reactive. Do not undergo polymerization

10.2. Chemical stability

The product is chemically stable under normal ambient conditions.

10.3. Possibility of hazardous reactions

Not applicable

10.4. Conditions to avoid

Flames, static electricity, sparks, hot surfaces, other sources of ignition, as well as high temperature. Avoid temperatures above 80°C to avoid overheating of the product or/and temperatures above 200°C to avoid ignition of the mixture

10.5. Incompatible materials

Strong oxidants

10.6. Hazardous decomposition products

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32

KUNAGONE

Printing date: 14.05.2018

Revision:

Page: 5/7

None under normal use

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity

Available data indicates that classification criteria are not met.

Skin corrosion/irritation

Available data indicates that classification criteria are not met.

Serious eye damage/irritation

Available data indicates that classification criteria are not met.

Respiratory or skin sensitization

Available data indicates that classification criteria are not met.

Germ cell mutagenicity

Available data indicates that classification criteria are not met.

Carcinogenicity

Available data indicates that classification criteria are not met.

Reproductive toxicity

Available data indicates that classification criteria are not met.

STOT – single exposure

Available data indicates that classification criteria are not met.

STOT – repeated exposure

Available data indicates that classification criteria are not met.

Aspiration hazard

Available data indicates that classification criteria are not met.

SECTION 12: Ecological information

12.1. Toxicity

Data are not available.

12.2. Persistence and degradability

The product is readily biodegradable.

12.3. Bioaccumulative potential

Not applicable

12.4. Mobility in soil

Not applicable

12.5. Results of PBT and vPvB assessment

Not applicable

12.6. Other adverse effects

No other adverse effects known.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Product:

Disposal of the mixture:

dispose in accordance with applicable regulations. Do not dispose of the mixture into the sewage system. Keep residues in sealed, steel containers. Classify waste as hazardous. Disposal of used packages: packaging waste recycling / disposal must be carried out according to applicable regulations.

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32

KUNAGONE

Printing date: 14.05.2018

Revision:

Page: 6/7

Only completely emptied packages may be recycled. Classification of this waste type observes the requirements for hazardous waste.

Should act in accordance with the applicable requirements of local and national regulations.

SECTION 14: Transport information

	ADR/RID	IMGD	IATA
14.1. UN number	--	--	--
14.2. UN proper shipping name	--	--	--
14.3. Transport hazard class(es)	--	--	--
Label	--	--	--
14.4. Packing group	--	--	--
14.5. Environmental hazards	--	--	--
14.6. Special precautions for user		Not available	
14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code		Not available	

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

- Regulation (EC) No 1272/2008 (CLP) of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (REACH).
- REGULATION (EC) No 1907/2006 OF THE COUNCIL of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC.
- COMMISSION REGULATION (EU) No 830/2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

15.2. Chemical safety assessment

A Chemical Safety Assessment has been carried out for this mixture.

SECTION 16: Other information

The meaning of risk phrases from sections: 3

--

Abbreviations and Acronyms:

ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)

RID: Règlement international concernant le transport des marchandises dangereuses par chemin de fer (Regulations Concerning the International Transport of Dangerous Goods by Rail)

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

IATA-DGR: Dangerous Goods Regulations by the "International Air Transport Association" (IATA)

ICAO: International Civil Aviation Organization

ICAO-TI: Technical Instructions by the "International Civil Aviation Organization" (ICAO)

EINECS: European Inventory of Existing Commercial Chemical Substances

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006 of 18 December 2006 r., concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Article. 32
